

What is
Delta Mu Delta
International Honor
Society in Business?

DMD honors outstanding business students like you for academic achievement by inviting them to membership.

The Society encourages creating a Delta Mu Delta community that fosters the well-being of members and the business community.

We Are Delta Mu Delta Members!

We've earned the reward of membership by excelling in our studies and have accepted the invitation to join. We develop member-to-member relationships. We build a community by working together. We make business better by upholding high standards for achievement and ethics.

Founding: The Society was founded in 1913 by professors from New York University, Harvard University and Yale University who believed recognition should be given to outstanding students. Their vision has guided DMD for over 100 years.

The Society Key: The badge of the society is a key in the shape of the Greek letter *delta*. The Greek initials of the Society appear on its front, and above them is a full-rigged ship with sails set and colors flying, symbolizing the activities of business as a bond which unites all people. Only society members may wear this trademarked key.

The Society Motto: DMD stands for the Greek phrase **Dia Matheseos Dynamis**, or **Through Knowledge, Power**. Our goal is to support people who can manage creatively for social and economic good using the power created by what they have learned.

Professional Affiliations: As a member of the Association of College Honor Societies, DMD supports high standards for recognizing achievement as signified by honor society membership. DMD is the Honor Society for business programs accredited by the Accreditation Council for Business Schools and Programs.
